

ALERT 21-03

October 22, 2021

Hockey Canada Event Vaccination Policy

Earlier today, Hockey Canada announced it is implementing a COVID-19 Vaccination policy.

Hockey Canada's policy (hockeycanada.ca) mandates vaccination by all participants in national and international events hosted in Canada. While Hockey Canada strongly recommends vaccination for all participants in Hockey Canada sanctioned activities within its provincial branches, the policy does not mandate COVID-19 vaccination.

For sanctioned hockey activities in Alberta, nothing is changing. As outlined in the most recent update to [Hockey Alberta's Season Plan](#), Hockey Alberta and its member organizations are operating based on the COVID-19 mandates of the [Government of Alberta](#), current CMOH Public Health Orders, and the provisions of the Restrictions Exemption Program (where applicable).

Hockey Alberta continues to support the recommendation by the Government of Alberta and the province's Chief Medical Officer of Health that everyone who is eligible should receive COVID-19 vaccinations.

Details on Hockey Alberta's Season Plan for 2021-22 can be found at www.hockeyalberta.ca.
